

# LUNCH LAB

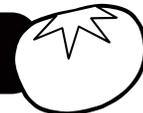

Invented by Professor Fizzy, the Lunch Lab is a high-tech playground for food, fun and healthy after-school snacks, where anything can happen, and things don't always go according to plan.

**CONNECT** the dots  
to reveal a Lunch  
Lab character!

## FOOD FACT #58

Did you know that tomatoes are not a vegetable, but a fruit? They were once thought to be a type of apple by France and Italy.
